

## Business Office Graduation Requirements

Before you can participate in Graduation ceremonies, there are two very important steps you need to complete to fulfill your requirements for the Business Office.

1. Your student account balance needs to be paid.
2. If you have received a Federal Perkins Loan during your time at Grace, you need to do an exit interview. (This is separate from the Stafford Loan exit interview done by the Financial Aid Office). Instructions for the Perkins exit interview will be sent to your campus box around the first week of April.

If you have any questions about your student account, please don't hesitate to call or stop by the Business Office.

All the staff of the Business Office would like to offer our congratulations on your upcoming graduation!
